

**JCC Provides Construction Monitoring for New 235,000 s.f. Office Building, Including 95,000 s.f Adult Day Care Facility For Elliot Hospital Health Systems**

Jobin Construction Consultants was retained by the project lender to provide construction inspection and monitoring services for the new 235,000 s.f. Holt Ave facility in Manchester, NH.

Included in this facility was a new distribution facility for Federal Express company. Also, included is a new 95,000 s.f. Adult Day Care Center for Elliot Hospital Health Systems. This design build project will provide multiple new services to the patients of Elliot Hospital including an indoor physical therapy pool.

This \$30 million dollar project was completed on a fast track pace in 2008.
