

JCC Named Owner's Representative for Salem Housing Authority Elderly Housing Project

Jobin Construction Consultants was hired by the Salem Housing Authority to be the clerk of the works on their new Affordable Senior Housing Project.

The project was a 3 story 24 unit building, a great addition to the existing Salem Housing portfolio. The building included energy efficient materials and complies with Energy Star Building Standards. The owner was able to receive substantial rebates as a result of meeting these standards.

The project was funded using low income tax credits, federal home loan funds, and private financing. JCC also provide Davis Bacon monitoring and management services
